matthewdisorbo@g.harvard.edu

EDUCATION

2021-2026 — Ph.D., Technology and Operations Management

Dissertation Title: Human-AI Decision-Making

Harvard Business School, Boston, MA

2013-2017 — A.B. in Statistics, Secondary Field in Classical Civilizations

Magna Cum Laude with Highest Honors in Statistics

Harvard College, Cambridge, MA

EXPERIENCE

2026-Present — Senior Applied Scientist, Microsoft

Redmond, WA

2017-2021 — Associate, BlackRock

New York, New York

PUBLICATIONS

DiSorbo, Matthew D., Harang Ju, and Sinan Aral. (2026) “Teaching AI to handle exceptions: supervised fine-tuning with human-aligned judgment.” *PNAS Nexus*.

- *Media: 4 new studies about agentic AI from the MIT Initiative on the Digital Economy (MIT Sloan)*

DiSorbo, Matthew D., Kris J. Ferreira, Maya Balakrishnan, and Jordan Tong. (2025) “Warnings and Endorsements: Improving Human-AI Collaboration in the Presence of Outliers.” *Manufacturing & Service Operations Management*.

- *Winner, 2024 Production and Operations Management College of Behavioral Operations Management Junior Scholar Paper Competition (INFORMS)*
- *Media: How Decision-Makers Can Catch Gen AI's Bad Advice (HBS Working Knowledge)*

WORKING PAPERS

DiSorbo, Matthew D., and Kris J. Ferreira. (2026) “The Prediction Trap: Humans Prefer Algorithms That Predict Well To Algorithms That Perform Well.” (Job Market Paper). Selected for presentation at *2026 MSOM SIG Day*.

DiSorbo, Matthew D., Harang Ju. (2026) “Act or Escalate? Evaluating Escalation Behavior in Automation with Language Models.” Submitted to *Conference of Language Modeling (COLM) 2026*.

Matthew D. DiSorbo, Harang Ju. (2026) “I Committed It to Memory but Then I Forgot: Chat Template Tokens Alone Break LLM Composition of Consumer Information.” *Work in progress*.

Luca Vendraminelli, Matthew D. DiSorbo, Annika Hildebrandt, Edward McFowland III, Arvind Karunakaran and Iavor Bojinov. (2025) “The GenAI Wall Effect: Examining the Limits to Horizontal Expertise Transfer Between Occupational Insiders and Outsiders.”

- *Media: Will AI Make Jobs Less Specialized? (Time.com)*
- *Media: Hitting the ‘GenAI wall’: Where generative AI stops working, and what it means for your talent strategy (Fortune.com)*

DiSorbo, Matthew D., Iavor Bojinov and Fiammetta Menchetti. (2024) “The Winner Takes All: Using Rank Estimates in Factorial Designs.” Major revision at the *American Journal of Evaluation*.

TEACHING EXPERIENCE

2023 — Teaching Fellow, Harvard Business School, Boston, MA
Data Science for Managers (Fall 2022, Fall 2023)
No evaluations provided

2014-2017, 2023 — Teaching Fellow, Harvard College, Cambridge, MA
Introduction to Stochastic Processes (Spring 2017)
Evaluations: 4.78 / 5 (n = 9)
Introduction to Statistical Inference (Spring 2016)
Evaluations: 4.79 / 5 (n = 34)
Introduction to Probability (Fall 2015, Fall 2016, Fall 2023)
Evaluations: 4.87 / 5 (n = 38), 4.84 / 5 (n = 83), 4.71 / 5 (n = 21)

Introduction to Quantitative Methods for Economics (Fall 2014, Spring 2015)
Evaluations: 4.62 / 5 (n = 16), 4.74 / 5 (n = 38)

Awards: Certificate of Special Recognition from the Harvard Undergraduate Association (Fall 2023), Derek Bok Certificate of Distinction in Teaching (6x winner, Fall 2014-Spring 2017), 2016 David Pickard Teaching Fellow in the Harvard Statistics Department.

PRESENTATIONS

“The Prediction Trap: Humans Prefer Algorithms That Predict Well To Algorithms That Perform Well”

MSOM SIG Conference, Boston, MA (scheduled July 2026)

INFORMS Annual Meeting, Atlanta, GA (October 2025)

AI in Business Conference, Columbus, OH (October 2025)

Wharton Empirical Operations Management Workshop, Philadelphia, PA (September 2025)

MSOM Main Conference, London, UK (June 2025)

18th Annual Behavioral Operations Main Conference, Hamburg, Germany (June 2025)

35th Annual POMS Conference, Atlanta, GA (May 2025)

DS&AI Operations Lab, HBS (Fall 2024)

Doctoral Poster Session for HBS Donors (Fall 2024)

“Act or Escalate? Evaluating Escalation Behavior in Automation with Language Models”
Stripe, Data and AI Deep Dive, remote (May 2026)

“Warnings and Endorsements: Improving Human-AI Collaboration in the Presence of Outliers”

INFORMS Annual Meeting, Seattle, WA (October 2024)

MSOM Main Conference, Minneapolis, MN (July 2024)

17th Annual Behavioral Operations Conference, Boulder, CO (June 2024)

34th Annual POMS Conference, Minneapolis, MN (April 2024)

DS&AI Operations Lab, HBS (Spring 2024)

Doctoral Student Poster Session —HBS Faculty Research Symposium (Spring 2024)

INFORMS Annual Meeting, Phoenix, AZ (October 2023)

“The Winner Takes All: Using Rank Estimates in Factorial Designs”

Young Researcher Seminar, Florence Center for Data Science, Florence, Italy
(May 2023)
Conference on Digital Experimentation (CODE@MIT), Cambridge, MA (October
2022)

SERVICE

Reviewer

MSOM (Journal, Conference SIG)
ACM Conference on Economics and Computation (EC '26)
Operations Research

Session Chair

35th Annual POMS Conference, Atlanta, GA (Designing Algorithms to Enhance
Human Performance, Behavioral Operations Management in the Workplace)

AWARDS AND HONORS

“Warnings and Endorsements: Improving Human-AI Collaboration in the Presence of
Outliers.”

*Winner, 2024 Production and Operations Management College of Behavioral
Operations Management Junior Scholar Paper Competition (INFORMS)*

“Probability!”

Winner, Thomas T. Hoopes Prize, Harvard College (2017)

Last Updated: June 17th, 2026
